 - on Mondays or the day after a public holiday from 06h00 to 10h00

Art.4 Permanent derogations

Permanent derogations, which are not subject to special authorisation, are granted for the following transport operations:

1. vehicles transporting, to the exclusion of all else, live animals or perishable goods or foodstuffs, provided that the quantity of goods constitutes at least half of the truck's payload or occupies at least half of the loading surface or volume of the vehicle. In the case of multiple deliveries, these minimum loading conditions no longer apply beyond the first point of delivery provided that further deliveries occur within a zone restricted to the region of origin of the first delivery point and the neighbouring departments or the region of origin of the first delivery point and adjacent regions within a distance of 150 kilometres.

The vehicles concerned are not subject to minimum load conditions and may travel empty if their movements consist of loading operations restricted to a zone consisting of the region of origin and its neighbouring departments or the region of origin and adjacent regions within a distance of 150 kilometres.

Vehicles transporting racehorses are not subject to minimum load conditions.

Vehicles which have been used to transport homing pigeons are authorised to travel empty throughout the road network.

Are considered perishable goods and products : eggs; live fish, crustaceans and shellfish; foodstuffs requiring refrigeration; frozen and deep-frozen foodstuffs, in particular meat products, seafood, milk and dairy products, egg-based products, yeast and vegetable products including refrigerated fruit juices and ready-to-use chopped raw vegetables; all foodstuffs which must be kept warm; fresh fruit and vegetables, including potatoes, onions and garlic; cut flowers, and potted plants and flowers; honey; animal carcasses.

- 2a. Vehicles engaged in the seasonal collection and transport of agricultural produce from the place of harvesting to the place of storage, processing, packaging or transformation, within an area made up of the region of origin and the neighbouring departments or the region of origin and adjacent regions within a distance of 150 kilometres.
- 2b. Vehicles engaged in the seasonal transport of beet pulp from the processing plant to the place of storage or use. These vehicles may not use the motorway network.
- 3a. Vehicles whose load is indispensable for the installation of economic, sporting, cultural, educational or political events which have been duly authorised, on condition that the said event is to take place on the same day or, at the latest, on the day following the transport.
- 3b. Vehicles transporting fireworks, the use of which has been duly authorised for the same day or the following day.
- 3c. Vehicles transporting hydrocarbon gas mixture, liquefied, NOS, UN1965, or petroleum

products, UN 1202, 1203, 1223, necessary for duly authorised sporting competitions, on condition that the event justifying the transport operation is to be held on the same day as or, at the latest, the day after the transport operation.

4. Vehicles transporting newspapers and magazines only.
5. Vehicles carrying out office or factory removals in an urban area.
6. Vehicles specially equipped for the itinerant sale of the goods transported, within an area made up of the region of origin and the neighbouring departments or the region of origin and adjacent regions within a distance of 150 kilometres.
7. Vehicles belonging to tradesmen and which are used for the sale of their produce at fairs or markets within an area made up of the region of origin and the neighbouring departments or of the region of origin and adjacent regions within a distance of 150 kilometres.
8. Vehicles used for the transport of air freight, under cover of an air waybill.
9. Vehicles used for the transport of hospital waste or goods necessary for the operation of medical establishments.
10. Vehicles transporting medical gases.
11. Vehicles transporting industrial gamma radiography equipment.

For all vehicles benefiting from a permanent derogation, empty return is authorised within a zone restricted to the region of the last delivery point and the neighbouring departments or the region of the last delivery point and adjacent regions within a distance of 150 kilometres.

The vehicles mentioned under points 3, 6 and 7 may travel laden at the end of the event or the sale, within a zone restricted to the region of the place where the event or sale took place and its neighbouring departments or the region of the place where the event or sale took place and adjacent regions within a distance of 150 kilometres.

Unless other provisions apply, for the purposes of implementation of the provisions of this article, the region of origin is the region of departure of the vehicle (or of entry into France) for the transport operation concerned.

Art.5 Short-term derogations

Derogations to the driving restrictions laid down in articles 1 and 2 above, so-called short-term prefectural derogations, may be granted for

1. vehicles performing a transport operation considered as indispensable and urgent, namely those engaged in a goods transport operation to meet the needs caused by exceptional circumstances such as drought, flooding, or natural or humanitarian catastrophe;
2. vehicles engaged in waste transport for the clearing of rubbish dumps or slaughterhouses;
3. vehicles used to supply clean laundry to and remove dirty laundry from hotel complexes of a combined capacity of 1000 rooms and more;
4. tanker vehicles used for the supply of
 - service stations situated along motorways;
 - airports with aviation fuel.
5. vehicles transporting dangerous goods destined for urgent loading or resulting from urgent unloading in maritime ports.

The corresponding authorisations are issued by the Prefect of the department of departure for a period not exceeding the duration of the prohibition for which the derogations are requested. For transport operations originating outside France, the authorisation is issued by the Prefect of the department of entry into France.

Art.6 Long-term derogations

Derogations to the driving restrictions laid down in articles 1 and 2 above, so-called long-term prefectural derogations, may be granted for

1. vehicles necessary to ensure the round-the-clock operation of certain production services or units. If dangerous goods transport is involved, these authorisations can only be issued subject to the approval of the interministerial committee on the transport of dangerous goods.
2. vehicles contributing to the provision of public services or emergency services to meet immediate collective needs.

Authorisations for the transport operations indicated in point 1 are issued by the Prefect of the department of loading (or of entry into France) subject to the approval of the Prefect of the department of destination (or of exit from France).

Authorisations for the transport operations indicated in point 2 are issued by the Prefect of the department of departure.

Long-term authorisations are issued for a maximum of one year.

Art.7 Lifting of restrictions - border zones

In order to mitigate the consequences of the lack of harmonisation of traffic bans with those of neighbouring states, the Prefects of border departments have the possibility of granting derogations to the driving restrictions foreseen in articles 1 and 2 above.

Art.8 Lifting of restrictions - exceptional circumstances

In the case of exceptional circumstances, if the vehicles mentioned in article 1 have been immobilised during the 12 hours preceding the beginning of a period of restriction foreseen in articles 1, 2 or 3 above, the departmental Prefects may, in coordination with the Prefects of the neighbouring departments, authorise them to travel during all or part of the period of restriction within a specific zone.

Art.9 Conditions of use of derogations

For any vehicle granted a permanent derogation or a short or long-term individual prefectural derogation, the person in charge of the vehicle must be able to prove to the officers responsible for road traffic checks that the transport operation complies with the provisions of the derogation concerned.

The authorisation must be kept on board the vehicle. For it to be valid, it must be completed by the holder prior to the vehicle's departure, indicating the date of the transport operation and the vehicle's registration number.

An authorisation may be withdrawn by the issuing authority if the holder does not observe its terms of use or has provided erroneous information in order to obtain it.

Points to note

Before the beginning of the restriction, drivers must immobilise their vehicles in suitable parking places at the roadside.

During the period of the restriction, foreign-registered vehicles of over 7.5t GVW or over 14m in length may not enter Slovenia, but should use the parking areas in the border zone.

In winter conditions, it is forbidden to drive combination vehicles, vehicles transporting dangerous goods, as well as exceptional loads. Even if these vehicles have the compulsory winter equipment, entry into Slovenia is not permitted while winter conditions prevail. This does not apply to vehicles registered in Slovenia if there is a suitable parking place at the border crossing allowing these vehicles to be removed from the traffic. It is the driver's responsibility to stop at the first suitable off-road parking area until the roads have been cleared.

In the case of high winds, trucks, combination vehicles, buses and coaches are prohibited on certain road sections. These restrictions are signposted.
